Distribution Safety & Security Network Leads

DuPont Responsible Shipper Award – 2008

Congratulation to the ship points in the regions for earning this award.

The DuPont Responsible Shipper Award is issued annually to DuPont's global ship points as recognition of the outstanding efforts of site personnel who worked to assure that all materials shipped from the site during the calendar year complied with :

- **National and International Safe Transportation Regulations,**
- **DuPont Safe Transportation Policies Standards and Guidelines, and**
- **ACC's Responsible Care® Distribution Code of Management Practices**

I want to personally thank everyone who contributed to this significant accomplishment. Their dedication and commitment to achieving "ZERO" incidents is something they can be proud of.

In addition a special thank you goes out to Site Management and Site Safe Distribution & Security Leaders for their past and future support of the American Chemistry Council's (ACC) Responsible Care® Program, and DuPont's RHYTHM® - Remember How You Treat Hazardous Materials Program.

Please present **2008 award certificates** to the sites in a way you deem appropriate.

Henry Chua
AP Distribution Safety & Security Modal Leader
DuPont Sourcing & Logistics
